HOME & BUSINESS AIDS

102320 **SIMPLICALC (Disk Version)** **$59.95**
An electronic spreadsheet for your VIC 20! Imagine a giant grid of columns and rows. You can enter a letter, number or calculation formula in any one of the blocks. An example of how it works is to tell SIMPLICALC to multiply the first row of numbers by the second row of numbers and automatically enter the result in the third column. Now enter a different number or change an entry and, hey presto. . . . SIMPLICALC automatically recalculates the entire grid for you.
When completed, your electronic sheet can be stored on diskette and/or printed on the VIC Printer.
(N.B. SIMPLICALC requires the use of a VIC 1540/41 Disk Drive and a 16K Memory Expansion Cartridge.)

102321 **SIMPLICALC (Cassette Version)** **$49.95**
Same as Disk Version but requires a VIC 1530 Datasette Recorder.

102322 **VICFILE (Disk Based)** **$59.95**
VICFILE is a comprehensive information handling system which allows up to 1000 records to be stored on a single diskette then alphabetized, sorted or searched.
VICFILE can also generate printed reports, and includes arithmetic capability which allows calculations to be made on specific items and included in the report. Typical applications are: personnel files, mailing lists, home inventory, coin/stamp/record collections, insurance records, (N.B. VICFILE requires the use of a 16K RAM Expander and a VIC 1540/41 Disk Drive.)

102327 **VIC MONEY MANAGER (Cassette Based)** **$49.95**
A complete personal finance or cash-flow programme with a number of important features which enable the user to gain an updated and complete picture of all personal and home finances.
Uncomplicated and easy to use with monthly and annual budgets and actual balances. Mortgage, H.P., Loans and Overdraft calculation features. (N.B. Requires either 8K or 16K RAM pack.)

101929 **PERSONAL FINANCE (Cartridge)** **$39.95**
Your budget expenses and personal finances are simply computerized through this package. PERSONAL FINANCE will organize, arrange and calculate your home and financial expense.

102330 **VICWRITER (Disk Version)** **$59.95**
VICWRITER is a word processing programme that lets you create, store, modify text, and print varying page widths up to 80 columns, then print out the results on paper using a Commodore VIC Printer. (N.B. VICWRITER requires the use of a VIC 1540/41 Disk Drive and an 8K or 16K Memory Expander.)

102331 **VICWRITER (Cassette Version)** **$49.95**
Same as Disk Version but requires a VIC 1530 Datasette Recorder.

LIFESTYLE SERIES

102333 **QUIZMASTER** **$25.00**
Cassette Based only. This is a unique utility programme that lets you Create, Edit, Save and Run your own 40 question quizzes. This programme can be used for fun as a unique revision and teaching aid for younger and older children. (Requires either 8K or 16K Memory Expansion.)

102334 **BBC MASTERMIND** **$25.00**
Cassette Based only. This is a VIC 20 version of the most popular television quiz contest. All the questions and answers for both general knowledge and specialist subjects have been prepared by Mastermind co-ordinator Boswell Taylor. Mastermind can be played by one, two, three or four contestants and captures all the tension and excitement of the TV original. There are four additional General Knowledge Programmes:

102335 **GENERAL KNOWLEDGE – DATA 1** **$10.00**

102336 **GENERAL KNOWLEDGE – DATA 2** **$10.00**

102337 **GENERAL KNOWLEDGE – DATA 3** **$10.00**

102338 **GENERAL KNOWLEDGE – DATA 4** **$10.00**

There are also specialist programmes for the following subjects:

102339 **WINE AND FOOD** **$10.00**

102340 **MUSIC** **$10.00**

102341 **SPORT & GAMES** **$10.00**

102342 **FILMS & T.V.** **$10.00**
(These programmes require either an 8K or 16K Memory Expansion.)

102325 **KNOW YOUR OWN I.Q.** **$25.00**
Cassette based programme. Based on Professor Eysenck's best selling book, this programme presents the most used and most respected series of I.Q. tests for adults. Scoring is fully automatic and foolproof. Requires either an 8K or 16K Memory Expansion.

102326 **KNOW YOUR CHILD'S I.Q.** **$25.00**
Cassette based programme. Prepared from the book by Dr. Glenn Wilson and Diana Grills of the Institute of Psychiatry, University of London, both international experts in behaviour and intelligence.
This programme presents a series of I.Q. tests with tamperproof automatic scoring for children between the ages 5 to 11. (Requires either 8K or 16K Memory Expansion.)

102328 **ROBERT CARRIER FAMILY MENU PLANNER** **$25.00**
Cassette based programme. This comprehensive and unique utility programme, with initial data prepared by well known cookery expert, provides an answer to the eternal problems of family menu planning, party giving and "who shall we have to dinner?"
A novel feature is "VIC Choice" where the VIC will not only choose your menu but also your guests. (Requires either 8K or 16K Memory Expanion.)

102329 **TYPE-A-TUNE** **$12.00**
Cassette based programme. Play your own tunes on your VIC 20. Two rows of keys on the VIC keyboard correspond to the black and white keys on the piano. Three ranges of notes plus white noise available.

EDUCATIONAL SOFTWARE ON TAPE

102202	**WE WANT TO COUNT**** Suitable for children aged 3 and upwards. Four different games give the child a variety of objects to count, and are presented in an exciting and stimulating way.	**$28.00**
102203	**FACEMAKER**** This program is designed to help improve spelling and sharpen observation skills. There are thousands of faces you can make up with this program. Suitable for children from 5 to 12 years.	**$28.00**
102204	**NUMBER CHASER*** For 5 to 12 year olds. A race car provides an opportunity to practice and improve estimating and multiplication skills. Different levels of difficulty can be selected.	**$28.00**
102205	**TWISTER**** Suitable for children aged 8 and upwards. Tests and improves powers of concentration. Set your own puzzle and test the whole family.	**$28.00**
102206	**NUMBER GULPER*** A target number is given as a total to be achieved. The car is driven around a maze and aimed at numbers in the maze. If a number is crashed into this is added to the total. The aim is being to get the target number be crashing into individual numbers to reach this total.	**$28.00**
102207	**RAINBOW TOWERS**** Rainbow Towers is very much like the Towers of Hanoi puzzle. This version takes advantage of both the screen and sound capabilities of the VIC.	**$28.00**
102208	**NUMBER GUZZLER** Addition and subtraction. Encourages children to develop initiative and insight into the relationship between numbers as they try and build all the numbers between 1 and 100. For 5 to 12 year olds.	**$28.00**
102209	**HIDE AND SEEK*** Improves short term memory and differentiation of symbols – an important part of learning to read. You can make it as easy or as difficult as you want. For 5 to 12 year olds.	**$28.00**
102210	**WORDS WORDS WORDS**** Helps children learn to spell and, at the younger end, is an aid to object identification. You can build a number of different scenes as you spell words correctly. For 5 to 8 year olds.	**$28.00**
102211	**SHAPE UP**** Learn various shapes and patterns and how to distinguish between large and small. Then use the shapes to build things such as houses and trains. For 3 year olds upwards.	**$28.00**

* Requires an 8K RAM expansion.
** Requires a 16K RAM expansion.
